

Review of Salary Structure of the Top Three Tiers of Staff of the Employees Retraining Board

The Employees Retraining Board (ERB) has completed the review of salary structure of the top three tiers of staff. As ERB is undertaking a comprehensive review in response to the 2023 Policy Address, ERB has decided to maintain the number, ranking, and salary structure of the top three tiers of staff unchanged at present.

As of the end of 2023, the top three tiers of ERB staff comprised the Executive Director, four Deputy Executive Directors and seven Senior Managers. Their average annual total costs of remuneration were all lower than those of civil servants at comparable ranks.
